About

TUTORHUB

A web application called **TUTORHUB**. It enables mentors to schedule training sessions of any activity they're teaching or a certain provided service. Our application offers them the platform to overture their services and schedule sessions at a time interval. They can get paid for those sessions via the application. It also offers the means for clients to register and be added to any of the sessions, pay for certain of them, and always reserve more sessions anytime they want. The verification of the latter is approved using a QR code given once the registration is verified.

DEVELOPER

Teamwork is so important that it is virtually impossible for you to reach the heights of your capabilities or make the money that you want without becoming very good at it.

Oumaima Kboubi
DEVELOPER

A group becomes a team when each member is sure enough of himself and his contribution to praise the skill of the others. No one can whistle a symphony. It takes an orchestra to play it.

DEVELOPER

The strength of the team is each individual member. The strength of each member is the team. If you can laugh together, you can work together, silence isn't golden, it's deadly.
